If this is a master solicitation, it will contain the terms and conditions for this solicitation and for future supplemental solicitations in the program year. Each supplemental solicitation will incorporate by reference the same terms and conditions as this master solicitation, except as specifically stated in that supplemental solicitation. The identical terms and conditions will not be repeated. (Therefore, if this is a master solicitation, it should be retained for the duration of the program.) However, each supplemental solicitation will be considered a separate and individual solicitation.

(2) The initial opening/closing date for the solicitation is July 9, 2003. Subsequent openings/closings for future requirements will be on an as-required basis starting with the first supplemental solicitation and thereafter until the end of the program ordering period as stated in the solicitation.

(c) **SUBMISSION, MODIFICATION, REVISION, AND WITHDRAWAL OF OFFERS.**

(1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, signed and dated offers and modifications thereto shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror at or before the exact time specified in this solicitation. Offerors using commercial carriers should ensure that the offer is marked on the outermost wrapper with the information in subdivisions (i) and (ii) above. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation.

(2) The first page of the offer must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) Include name, title, and signature of person authorized to sign the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(iv) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(v) Terms of any express warranty;

(vi) Price and any discount terms; and

(vii) A completed copy of the representations and certifications in the Offeror Submission Package.

(3) **IFBs ONLY.**

(i) Facsimile bids _____ authorized for this solicitation.

(ii) **EVALUATION - Net Payment Terms.** Offers under an IFB that include net payment terms less than 30 days will be determined nonresponsive.

(iii) Prices shall be offered on an economic price adjustment basis only. Firm prices will be nonresponsive and will be rejected.

(iv) The prices set forth on the Price Data Sheet in the block marked "Bid Price" will be a per gallon price. These prices shall not exceed six digits to the right of the decimal (e.g., \$1.030454).

(4) **RFPs ONLY.**

(i) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or that reject the terms and conditions of the solicitation may be excluded from consideration.

(ii) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(d) **NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE AND SMALL BUSINESS SIZE**

STANDARD. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern that submits an offer in its own name, but which proposes to furnish an item that it did not itself manufacture, is 500 employees.

(e) **PERIOD FOR ACCEPTANCE OF OFFERS.** The offeror agrees to hold the prices in its offer firm for **120 DAYS** calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(f) **PRODUCT SAMPLES.** When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(g) **MULTIPLE OFFERS.** Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(h) **LATE SUBMISSIONS, MODIFICATIONS, REVISIONS, AND WITHDRAWALS OF OFFERS.**

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "**late**" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(i) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(j) Proposals submitted in response to this solicitation shall be in English and in U.S. dollars unless otherwise permitted by the solicitation.

(k) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(l) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(m) **CONTRACT AWARD.**

(1) **RFPs ONLY (not applicable to IFBs).**

(i) While the Government intends to evaluate offers and award a contract without discussions, it reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary.

(ii) If the Contracting Officer determines that negotiations are necessary, the Government will then evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

(iii) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(2) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, cost or price and other factors (including subfactors) specified elsewhere in this solicitation, considered.

(3) The Government may reject any or all offers if such action is in the Government's interest.

(4) The Government may waive informalities and minor irregularities in offers received.

(5) The Government may accept any item or group of items of a proposal, unless the offeror qualifies the proposal by specific limitations. Unless otherwise provided in the Schedule, proposals may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(6) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.

(7) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;

(iii) A summary of the rationale for award; and

(iv) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

(1) The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government must exercise its post-acceptance rights (i) within a reasonable time after the defect was discovered or should have been discovered; and (ii) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(2) Also see the REQUESTS FOR WAIVERS AND DEVIATIONS clause in the Addendum.

(b) **ASSIGNMENT.** The Contractor or its assignee may assign its rights to receive payment due, as a result of performance of this contract, to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes a payment (e.g., use of the Government-wide commercial purchase card), the Contractor may not assign its right to receive payment under this contract.

(c) **CHANGES.** Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) **DISPUTES.** This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, DISPUTES, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) **DEFINITIONS.** The clause at FAR 52.202-1, DEFINITIONS, is incorporated herein by reference.

(f) **EXCUSABLE DELAYS.** The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) **INVOICE.** The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include--

(10) **Electronic funds transfer (EFT) banking information.**

(i) **The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.**

(ii) **If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer - Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer - Other Than Central Contractor Registration), or applicable agency procedures.**

(j) **RISK OF LOSS.** Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon--

In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms and conditions of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) **TERMINATION FOR CAUSE.** The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

ADDENDUM #2 – POSTAWARD CONTRACT CLAUSES

B19.19 ECONOMIC PRICE ADJUSTMENT (PC&S) (DESC JUL 1999)

(a) **WARRANTIES.** The Contractor warrants that--

(1) The unit prices set forth in the Schedule do not include allowances for any portion of the contingency covered by this clause;

and

(2) The prices to be invoiced hereunder shall be computed in accordance with the provisions of this clause.

(b) **DEFINITIONS.** As used throughout this clause, the term--

(1) **Base price** means--

(i) The unit price offered for an item and included in the contract award schedule; or

(ii) During any subsequent program year, either the effective contract price as of the start of the subsequent program year, or the price agreed upon as of the start of the subsequent program year.

(2) **Base reference price** means the preselected reference price for an item as published on **MAY 19, 2003**. In the event one or more applicable reference prices are not (or were not) published on the date shown, then the term **base reference price** means the preselected reference price for an item as published on the date nearest in time prior to the date shown.

(3) **Reference price** means that published reference price or combination of published reference prices preselected by the Government for price adjustment for individual items by product, market area, and publication as specified in (f) below.

(4) **Date of delivery** means--

(i) **FOR TANKER OR BARGE DELIVERIES.**

(A) **F.O.B. ORIGIN.** The date and time vessel commences loading.

(B) **F.O.B. DESTINATION.** The date and time vessel commences discharging.

(ii) **FOR ALL OTHER TYPES OF DELIVERIES.** The date product is received on a truck-by-truck basis.

(5) **Calendar week** means a consecutive seven-day period, beginning with whichever day of the week is specified in (c)(1) below.

(c) **ADJUSTMENTS.** Contract price adjustments shall be provided via notification through contract modifications and/or posting to the DESC web page under the heading **Doing Business with DESC** to reflect any price change pursuant to this clause.

(1) **DAY OF PUBLICATION.**

(i) **PLATT'S BUNKERWIRE AND BUNKERFUELS REPORT.** For items employing Platt's Bunkerwire or Bunkerfuels Report as an escalator, the reference price in effect on the date of delivery shall be that item's preselected reference price that is published on the **Tuesday** of the calendar week in which the delivery is made, or, in the event there is no publication on Tuesday of that week, it shall be the item's preselected reference price published on the previous Tuesday.

(ii) **OTHER PUBLICATIONS.** Except for items employing Platt's Bunkerwire or Bunkerfuels Report as an escalator, the reference price in effect on the date of delivery shall be that item's preselected reference price that is published on the **Monday** of the calendar week in which the delivery is made, or, in the event there is no publication in that week, it shall be the item's preselected reference price as last previously published.

(2) **CALCULATIONS.** The prices payable hereunder shall be determined by adding to the award price the same number of cents, or fraction thereof, that the reference price increases or decreases, per like unit of measure. All arithmetical calculations, including the final adjusted unit price, shall be carried to six decimal places, truncated.

(i) If averages are published within a given publication, then these averages will be used.

(ii) If averages are not available within a given publication, manually calculated averages will be used.

(3) **REVISION OF PUBLISHED REFERENCE PRICE.** In the event--

(i) Any applicable reference price is discontinued or its method of derivation is altered substantially; or

(ii) The Contracting Officer determines that the reference price consistently and substantially failed to reflect market conditions--

the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustments hereunder. The contract shall be modified to reflect such substitute effective on the date the reference price was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract.

(4) **FAILURE TO DELIVER.** Notwithstanding any other provisions of this clause, no upward adjustment shall apply to product scheduled under the contract to be delivered before the effective date of the adjustment, unless the Contractor's failure to deliver according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence within the meaning of paragraphs (f), Excusable Delays, and (m), Termination for Cause, of the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS clause of this contract, or is the result of an allocation made in accordance with the terms of the ALLOCATION clause of this contract, in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(5) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** The Contractor agrees that the total increase in any contract unit price pursuant to these economic price adjustment provisions shall not exceed **60%** percent of the base price in any applicable program year (whether a single year or a multiyear program), except as provided hereafter.

(i) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with an appropriate explanation and documentation as required by the Contracting Officer.

(ii) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill pending or future orders for such item, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing.

(d) **EXAMINATION OF RECORDS.** The Contractor agrees that the Contracting Officer or designated representatives shall have the right to examine the Contractor's books, records, documents, or other data the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause.

(e) **FINAL INVOICE.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.

(f) **PUBLICATIONS:** The following publication(s) is (are) used:

AXXIS – AXXIS Petroleum Inc. AXXIS Price Service – Thursday Published Average. Price for City and product noted.

OPIS – Oil price Information Service PAD Reports – Average price for the city and product noted

C16.69 FUEL SPECIFICATIONS (PC&S) (DESC FEB 2002)

Supplies delivered under this contract shall conform to all Federal, State, and local environmental requirements applicable to the geographic location of the receiving activity on the date of delivery. The list of such requirements contained in this contract is not intended to be a complete list, and the Contractor shall be responsible for determining the existence of all such requirements at the time deliveries are made. Selected regional environmental requirements are highlighted in the SPECIFICATIONS (CONT'D) clause. In the event that a Federal, State, or local environmental requirement is more stringent than a specification contained in this contract, the Contractor shall deliver product that complies with the more stringent requirement. Product that fails to meet the more stringent requirement will be considered to be a nonconforming supply. Product(s) to be supplied shall fully meet the requirements of the applicable specification(s) as cited below.

(4) The above specification requirements reflect the Federal EPA specifications for used oil contained in 40 CFR Parts 266 and 279. If State or local requirements for used oil are more stringent, the fuel oil offered will be required to comply with such. Copies of SW-846 (Test Method for Evaluating Solid Waste) can be obtained from the U.S. Government Printing Office, Washington, DC 20422, stock number 955-001-00000-1. Test methods must be run by a State certified laboratory.

(5) The supply of off-specification used oil as described in EPA regulations, 40 CFR Parts 266 and 279, is not acceptable.

A CONTRACTOR WILL NOT BE PERMITTED TO SUPPLY PRODUCT CONTAINING USED OIL UNLESS (1) IT DISCLOSED IN ITS OFFER THAT PRODUCT WOULD CONTAIN USED OIL, AND (2) THE SUPPLY OF PRODUCT CONTAINING USED OIL IS APPROVED BY THE CONTRACTING OFFICER. CONTRACT AWARD DOCUMENT WILL SERVE AS THE CONTRACTING OFFICER'S APPROVAL TO SUPPLY USED OIL.

[] The offeror represents that it will provide certified test reports with associated QC documents validating EPA used oil standards, contained in 40 CFR Parts 266 and 279, or State/local requirements, whichever is more stringent, for all contract deliveries under the line items identified above to--

These requirements, part of 26 CFR 48 - Manufacturers and Retailers Excise Taxes, were published in the July 1, 1998, Federal Register. Only undyed (taxable) No. 1-K kerosene is suitable for use in nonflued (unvented) kerosene burner appliances. No. 2-K kerosene (dyed or undyed) is unsuitable for nonflued (unvented) kerosene burner appliances.

The color test requirement is deleted if red dye has been added in compliance with IRS regulations; however, the resulting fuel/dye blend must have a red tint.

(1) Ordering period begins: Date of Award and ends: 31 AUGUST 2004.

(2) Delivery period begins: 01 November 2003 and ends: 30 days after end of ordering period.

(DESC 52.242-9F75)

**G9.09 PAYMENT BY ELECTRONIC FUNDS TRANSFER - CENTRAL CONTRACTOR REGISTRATION
(MAY 1999)**

(a) METHOD OF PAYMENT.

(1) All payments by the Government under this contract, shall be made electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term EFT refers to the funds transfer and may also include the information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) **CONTRACTOR'S EFT INFORMATION.** The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.

(c) **MECHANISMS FOR EFT PAYMENT.** The Government shall make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) **SUSPENSION OF PAYMENT.** If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) **CONTRACTOR EFT ARRANGEMENTS.** The Contractor has identified multiple payment receiving points (i.e., more than one remittance address and/or EFT information set) in the CCR database, and the Contractor has not notified the Government of the payment receiving point applicable to this contract, the Government shall make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the CCR database.

(f) LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) of this clause shall apply.

(g) **EFT AND PROMPT PAYMENT.** A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(h) **EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require a condition of any such assignment that the assignee shall register in the CCR database and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect within the meaning of paragraph (d) of this clause.

(i) **LIABILITY FOR CHANGE OF EFT INFORMATION BY FINANCIAL AGENT.** The Government is not liable for errors resulting from changes in EFT information made by the Contractor's financial agent.

(j) **PAYMENT INFORMATION.** The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

(FAR 52.232-33)

**G150.03-1 PAPERLESS ORDERING AND RECEIPT TRANSACTION SCREENS (PORTS) INTERNET APPLICATION
(DESC DEC 2001)**

APPLICABLE TO DoD ACTIVITIES ONLY.

(a) **CONTRACTOR PASSWORD.** The Contractor will furnish an email distribution list to the DESC Contracting Officer providing name(s), email address(es), phone and facsimile number(s) for all those individuals that may need to receive email notification of orders. The DESC Contracting Officer will furnish the Contractor with a password. Supplementing the "user name" (bidder code), the Contractor shall use this password to access contract-specific web pages and the Paperless Ordering and Receipt Transaction Screens (PORTS) Internet application. This includes access to electronically signed written orders (SF 1449), as described in (b) below. The Contractor shall also use the password to access PORTS for transmitting receipt documents to the Activity and for transmitting invoices to the payment office, as identified in (d) below.

(b) PREPARATION AND TRANSMISSION OF ORDERS AND CALLS AGAINST ORDERS.

(1) The Government may issue an order for a specific delivery or a series of deliveries (e.g., several deliveries during a week). The Government may also elect to issue an order covering a longer period (including monthly orders) and make periodic calls against these orders designating specific delivery dates, times, and quantities.

(2) Orders, and calls against orders, may be issued orally or in writing. An oral delivery order for fuel shall be considered issued by the Government when it is verbally assigned a delivery order number. For all orders, the appropriate ordering office/officer will provide the Contractor, via the PORTS Internet application, with an electronically signed written order, SF 1449, within 24 hours or one business day after issuing the oral order. (Once the Ordering Officer has completed the web page order, an email will be sent to the Contractor to provide notice that the order is available on the contract-specific web page. The order will also be submitted to the payment office.) An oral order shall provide the required advance notice to the Contractor and the following information: Order number; contract number; item number; quantity; delivery location; any applicable taxes, which should be billed as a separate item on the invoice; and the required delivery date. Regardless of the unit price cited on the written order, the office designated to make payments on the written order will pay the applicable unit price in effect under the ECONOMIC PRICE ADJUSTMENT (PC&S) clause.

(3) Calls against previously issued orders must be confirmed in writing within 24 hours or one business day via email message. The email confirmation will reference the previously issued order number and item number and designate specific delivery location, dates, and quantity to be delivered against that order.

(4) The Contractor's nonreceipt of a written or electronic confirmation of an oral order or oral call against a written or electronic order does not itself relieve the Contractor from its obligation to perform in accordance with the oral order or oral call against a written or electronic order. The Contractor should contact the DESC Contracting Officer if problems are experienced with receipt of the electronic or written confirmation.

(c) **COMMERCIAL RECEIPTS.**

(1) The Contractor shall provide a commercial receipt (bill of lading, metered ticket, or delivery ticket) upon completing delivery. The Government representative may date and sign the commercial receipt and will be provided with a legible copy. The following information shall be stated on the commercial receipt:

- (i) Item number;
- (ii) Order number;
- (iii) Type of fuel delivered;
- (iv) Date of the delivery into the Government's tank(s);

(v) Delivered quantity and, if volume correction is required in accordance with the DETERMINATION OF QUANTITY (PC&S) clause, the fuel temperature and API gravity. If temperature compensating meters are used, only the API gravity and delivered quantity are recorded;

(vi) Tank identifier determined by the base; and

(vii) Any other required information specified in the narrative of the Schedule for the item.

(2) The Contractor will maintain all signed receipts as evidence of delivery and will provide them to the Government upon request, as dictated by the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. The records will be annotated with "NONTAXABLE USE ONLY. PENALTY FOR TAXABLE USE" where applicable.

(d) **PREPARATION AND TRANSMISSION OF THE MATERIAL INSPECTION AND RECEIVING REPORT (DD FORM 250)/INVOICE.** At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and furnish to the Government a Material Inspection and Receiving Report in the manner and to the extent required by Appendix F of the Defense FAR Supplement, Material Inspection and Receiving Report, except as noted in this clause. The Contractor, or its designee, shall key the following information from the commercial receipt(s) into the contract-specific web pages for generation of the continuation page and the first page of the DD Form 250 document upon accessing the web screens per the instructions to be provided on the DESC homepage.

(1) On the first page of the web screen for creating a new DD Form 250, the Contractor will select the appropriate line item and order/amendment number from a pull-down list (which already depicts the associated contract number, requisition number, and mode of delivery). The Contractor must insert the shipment date reflecting the date fuel was actually delivered. On the next screen, the Contractor will enter a unique invoice number, confirm the escalated unit price (which may also be corrected if applicable) and any discount terms offered other than net 30 days, and select the appropriate method of quantity determination (either loading rack method or nonloading rack method). The loading rack method is selected if the quantity delivered is determined based on loading rack meter tickets from the terminal; the nonloading rack method is selected if quantity determination is based on any other method as specified in the DETERMINATION OF QUANTITY (PC&S) clause.

(2) On the next screen, the Contractor will enter sequentially the following information from each commercial ticket, which will be depicted in three columns on the DD Form 250 continuation page:

- (i) The commercial ticket number;
- (ii) The quantity indicated on the commercial receipt, (system will round quantity up or down), determined in accordance with the DETERMINATION OF QUANTITY clause; and

- (iii) The tank identifier determined by the Activity (such as a building number). This tank identifier is required only for auto-fill items.

The total volume delivered to the Activity as input by the Contractor will automatically be entered into Block 17 of the DD Form 250 as a whole number; the required sequential shipment number under the order will automatically be entered into Block 2. If there is disagreement between the Contractor and the Government as to the quantity delivered, the DESC Contracting Officer will be promptly notified. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

- (3) Upon completion of the DD Form 250/invoice web screen document, the Contractor or designee will key the submission for processing, which automatically triggers two actions:

Activity, but before either confirmation or notification of disagreement, the Contractor will promptly correct by clicking on the **“Correct Submi**

- (i) An email message to the Activity. The email message will request approval of the DD Form 250 and inform the Activity to access the web page to accomplish this by electronic signature or it will specify order number, shipment date and number, item, quantity shipped and all delivery tickets that apply.

- (ii) An electronic submission to the payment office and Contractor notification of that invoice submission. The invoice transaction must be received no later than 5:30 p.m. to be considered received that day. Invoices received after 5:30 p.m. shall be considered received the next United States Government business day.

- (4) **AIR FORCE ONLY:** The Government’s Authorized Representative will either—

- (i) Verify the invoiced amount and return an email message confirming the quantity invoiced. The Contractor will receive an email message from the activity that the invoiced amount has been confirmed; OR

- (ii) Dispute the quantity being invoiced. Advise the Contractor by email of the reason (such as shipment date or quantity error). In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction and resubmit for processing. The DD Form 250 must be resubmitted within 24 hours or one business day of the Activity’s notification. If the Contractor disagrees with the Activity’s notification of disagreement, the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

- (iii) If any errors are discovered on the Contractor’s DD Form 250 after submission to the **“DD Form 250/invoice”** key and entering corrections of any prior errors. When submitted to the Activity for verification/confirmation, the DD Form 250/invoice document is automatically labeled with the words **“CORRECTED COPY.”** As in (d)(4)(i) and (ii) above, the Contractor is notified with automatic posting of the electronic transmission to the payment office.

- (5) **OTHER DoD ONLY:** The Government’s Authorized Representative will either—

- (i) Approve or accept the DD Form 250 document by electronic signature and submit the document via the PORTS Internet application to the payment office. The Contractor will receive an email message via the Internet application that the document has been approved and submitted to the payment office; OR

- (ii) Reject the DD Form 250 document, advising the Contractor by email of the reason for rejection (such as shipment date or quantity error). In this case, the Contractor will then submit a revised DD Form 250/invoice to the Activity (and to the payment office) via PORTS; the Contractor need only key in the data field(s) requiring correction. If the Contractor fails to submit a revised DD Form 250 within 24 hours or one business day of the Activity’s rejection notification based on discrepancy in quantity or shipment date, in order to avoid potential delays in payment the Activity may proceed to change either the quantity or shipment date to that which the Activity had asserted. These changes will be forwarded to both the payment office and the Contractor. If the Contractor still disagrees with the Activity’s change(s), the Contractor may contact the DESC Contracting Officer. (See the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause.)

- (iii) If any errors are discovered on the Contractor’s DD Form 250 after submission to the Activity, but before either approval or rejection, the Contractor will promptly advise the Activity by either telephone or email in order that the document can be rejected with an accurate notation and then revised (see (d)(5)(ii) above) as soon as possible.

- (iv) Upon signature of approval/acceptance on the DD Form 250 by the Government representative, any corrections to the document must be performed via the web page. The Contractor will click on the **“Correct Submitted DD Form 250/Invoice”** key and enter corrections of any prior errors. When submitted to the Activity for approval, the DD Form 250/invoice document is automatically labeled with the words **“CORRECTED COPY.”** As in (d)(5)(i) and (ii) above, the Contractor is notified, with automatic posting of the electronic transmission to the payment office.

(6) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment.

(7) The Government will not be liable to the Contractor for any incidental or consequential damages resulting from any delay, omission, or error in the transmission or receipt of invoices under the Internet application.

(8) Electronic data transmitted by the Internet application will be admissible as evidence on the same basis as customary paper documents. The parties will be legally bound by the electronic documents.

(e) REQUIRED USE OF PORTS INTERNET APPLICATION.

(1) Use of PORTS, as described above, is required except in the cases indicated in (g) below and as identified exceptions to electronic invoicing under the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) – ADDENDUM clause.

(2) In the event there is an interruption of PORTS service, fax/paper invoices may be submitted to DFAS Columbus only after the Contractor has contacted the DESC Contracting Officer and is given authorization to do so. A four-digit confirmation code will be provided by the DESC Contracting Officer and must be inserted (handwritten or typed) on each fax/paper invoice. DFAS Columbus will return any fax/paper invoice that does not contain the four-digit confirmation code. Fax/paper invoices must contain information required for a proper invoice per instructions contained in the CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. Once the difficulties with PORTS has been resolved, the Contractor must revert to using PORTS to invoice.

(f) PAYMENT.

(1) Payment shall be made in accordance with the terms as stated in the CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (PC&S) (PORTS INTERNET APPLICATION) clause. Notwithstanding any permissible variation percentage between the ordered and delivered quantity, payment is authorized for a percentage not to exceed 120 percent of the ordered quantity.

(2) Payment terms for an invoice received via electronic PORTS submission by the payment office will be net 30 days from date of receipt of a proper invoice. See (d)(3) above. Payment terms for invoices other than by the electronic PORTS transmission will also be net 30 days from receipt of a proper invoice unless a discount is offered and accepted by the payment office.

(g) **INVOICING DETENTION AND DEMURRAGE COSTS.** Detention costs, allowable only on tank truck deliveries (not applicable to multiple drop tank truck or any tank wagon deliveries), and demurrage costs for barge/tanker deliveries will be the sole responsibility of the Activity incurring them. The Contractor will submit invoices for detention or demurrage costs directly to the Activity receiving the product. These provisions are applicable to DLA-owned/capitalized as well as non-DLA-owned/noncapitalized products. If the receiving activity is an Army activity, a copy of the detention/demurrage cost invoice must also be furnished to the following address:

(e) GOVERNMENT OPTION TO DEDUCT TAX AND FURNISH TAX EXEMPTION CERTIFICATES (NOT APPLICABLE TO AIR FORCE AND AIR NATIONAL GUARD ACTIVITIES AND ARMY NATIONAL GUARD ACTIVITIES AT SHARED FACILITIES). If this contract provides that the Contractor should invoice for the FET, the supplies under contract are intended for a taxable purpose. However, where the invoice for any item includes the FET and tax exemption can be claimed, the Government may deduct the applicable tax from the order or the invoice and furnish a tax exemption certificate in lieu of paying the tax. The Ordering Officer will issue these tax exemption certificates.

I174.06 MANUFACTURING AND FILLING POINTS (UNRESTRICTED) (SDB PEA) (DESC FEB 1999)

(a) This clause only applies to Federal Civil items that may be contained in this solicitation.

(b) To be eligible for the Price Evaluation Adjustment (PEA) on the unrestricted portion of this solicitation, a Small Disadvantaged Business (SDB) must agree to provide only product manufactured/refined by a small business manufacturer/refinery. Product may not be furnished as a result of an exchange agreement with a large business.

(c) All SDBs expecting to receive the PEA as described in the NOTICE OF PRICE EVALUATION ADJUSTMENT FOR SMALL DISADVANTAGED BUSINESS CONCERNS (ALT I) clause hereby agree that only product manufactured/refined by the small manufacturer(s)/refinery(ies) identified on DESC Form 2.16, 2.16A, 2.17, or 2.17A will be provided for all items awarded with a PEA. If circumstances are such that, during the terms of this contract, a committed small business supplier can no longer provide the product, the Contractor must immediately notify the Contracting Officer, who must approve the new small business supplier before operations with the new firm commence.

(d) In order to be eligible for the PEA, all SDBs must provide the following information with the offer; failure to do so may render the offer ineligible for award with a PEA:

(1) Name(s) and address(es) of the small business manufacturer(s)/refinery(ies);

(2) Refinery points of contact;

(3) Name(s) and address(es) of the filling point(s) (if different from refinery(ies)); and

(4) Copy(ies) of the supply commitment(s)/agreement(s) from the proposed small business manufacturer(s)/refinery(ies), which must state, as a minimum, the type of product, total quantities of product for all items offered, and contract ordering period.

(e) All other evaluation factors described in this solicitation will apply.
